Villa description:

The villa is located in a quiet area of the resort of Seminyak, between Oberoi and Dhyana Pura. A few minutes' walk from the beach, restaurants and bars, this property is the ideal place for your holiday in Bali.

Kalamansi is a villa where eclecticism is omnipresent. You can find it in the fusion of traditional and modern architectural styles, but also in furniture such like the chairs Louis XV style painted with bright colors.

The architect has favored the light by integrating large windows. The living room by which you enter the villa is bathed by the light and opens onto the lush tropical garden and the beautiful blue pool. This building also houses the fully equipped kitchen made of anthracite granite.

All 4 cozy and harmonious bedrooms have air conditioning and en-suite bathrooms. The first one is at the entrance, two are at the end of the garden, while the fourth one is situated upstairs in a Lumbung (traditional Balinese rice loft).

The villa staff will be the icing on the cake to ensure you a memorable stay in the enchanting setting of your Balinese holiday house.
