Villa description:

Villa Gallici, located 500 m from Seminyak beach, will enchant you with its modern architecture in the typical style of today's Balinese tropical villas.

You are only a few minutes' walk from restaurants, bars, spas as well as the Oberoi Street where you will find all the trendy boutiques of Bali.

This luxury house has been built and furnished with high quality materials. Its floor covered with a beautiful beige marble, will give you a feeling of freshness in the tropical Balinese climate.

Your holiday home consists of 3 beautiful bedrooms with en suite bathrooms. A spacious living area opened on the tropical garden waits for you to relax, have diner or cook if you wish. Just beside, you have a private air-conditioned TV room to enjoy a movie, listen to music or just to chill out. If necessary, the room can also be used as an extra bedroom for a child.

At the center of this comfy villa, the pool is surrounded by the lush garden. Next to, on the deck, the sun loungers are available if you want to languish under the sun, drink a juice or an exotic cocktail.

Bali is a tropical island with all of its amazing biodiversity. You may find plenty of various animals in Bali, ranging from the endangered exotic creature until common house animals you've seen every day like Lizard and Gecko or small insects like ants and mosquitoes.

We do our best to control mosquito population in our villa by doing fumigation twice a month and clean the villa thoroughly every day but we cannot eradicate all.

However, we always provide mosquito spray and electric repellent in the villa.
