Villa description:

Charming tropical villa with Alang-Alang roofs (Balinese thatch). Great atmosphere in this place entirely conceived around the swimming pool.

The tone is directly given at the entrance thanks to the Balinese ancient door which welcomes you.

After having passed the few steps overhanging a small water basin with its plants in the pure tradition of the Asian gardens, you find on your right side the long bar of the kitchen and under the pergola the table for the meals.

On your left the swimming pool and its long sun beds invite you to relax under the sun. A gazebo awaits you on the other side in case you prefer to lie down in a cool place.

Only few steps separate the swimming pool from the 4 bedrooms and their en suite bathrooms.

The entirely open space living room and its comfortable sofas were placed judiciously away from the kitchen and the dining room.

A peaceful home only few minutes away from the heart of Seminyak, its restaurants, its shops and its beaches.

Bali is a tropical island with all of its amazing biodiversity. You may find plenty of various animals in Bali, ranging from the endangered exotic creature until common house animals you've seen every day like Lizard and Gecko or small insects like ants and mosquitoes.

We do our best to control mosquito population in our villa by doing fumigation twice a month and clean the villa thoroughly every day but we cannot eradicate all.

However, we always provide mosquito spray and electric repellent in the villa.
