Villa description:

Villa Sebelah is made from a subtle blend of antique Indonesian teak houses (a Joglo & a Gladak) and modern architecture, the style of tropical Balinese villas nowadays.

When you enter in the property by the antique wooden door, the first thing which will surprise you will be the splendid

tropical garden. In the middle of this one, the overflow swimming pool incites you for a cooling bath and next to it the sun beds will await you for a moment of extreme relaxation.

The main house overlooks this splendid tropical garden. This place includes a kitchen with an iron wooden bar, a dining table, a TV corner, and a lounge with its comfortable sofa as well as a terrace furnished with 4 Soo Santai bean bags. You will find two of the spacious modern bedrooms which have a beautiful garden view thanks to its window bay. Each one has its private tropical bathroom, one of them is equipped with a terraso bathtub. The third bedroom located few steps away, stands in a Gladak which will immerse you in a typical Balinese atmosphere.

Villa Sebelah is situated at the end of a quiet alley in the area of Umalas, famous for its peaceful atmosphere close to all facilities. Monsieur Spoon, the best French bakery & pastry in Bali is only 500 meters away, the center of Seminyak is just at 5 minutes and it takes 30 minutes to drive from Bali International Airport.

Bali is a tropical island with all of its amazing biodiversity. You may find plenty of various animals in Bali, ranging from the endangered exotic creature until common house animals you've seen every day like Lizard and Gecko or small insects like ants and mosquitoes.

We do our best to control mosquito population in our villa by doing fumigation twice a month and clean the villa thoroughly every day but we cannot eradicate all.

However, we always provide mosquito spray and electric repellent in the villa.
